SDG 10 - REDUCED INEQUALITIES

10 REDUCED INEQUALITIES

Inequalities in opportunities affect a person's life expectancy and access to basic services such as healthcare, education, water, and sanitation. It is a particular concern that influences the long-term outcomes and opportunities, especially for students. It places those affected at a disadvantage with long-lasting consequences, such as adverse physical and mental health which can undermine their development and potential.

SDG 10 calls for reducing inequalities in income, age, sex, disability, race, ethnicity, origin, religion or economic status within a country by 2030.

10.1 Research on Reduced Inequalities

Research on inequalities is an initiative to enhance knowledge and understanding of economic and social inequalities to better respond to complex challenges. During the years 2023 & 2024, 11 research papers were published in the Scopus indexed journals categorized under SDG10 are given below:

10.2 First-Generation Students

India has achieved significant progress towards the goal of ‘Education for All’ through initiatives such as Sarva Siksha Abhiyan (SSA) and Right to Education (RTE) which have given the much-needed impetus to education system in India. Of all the SDGs, education is the most vital component for sustainable development. SDG 10.2, indicates how the University addresses social and economic inequality, by taking into account the number of first-generation students.

10.2.1 Indicator: Proportion of first-generation students

235 Students were first generation students at KITS during the year 2023-2024, which constitutes almost 3.08% of the total student population.

10.3 International Students from Developing Countries

10.3.1 Indicator: Proportion of International Students from Developing Countries

KITS being a nodal center for IAESTE (International Association for Exchange of students for Technical Experience) draws students from across the globe to pursue their project in our state-of-the-art research laboratories. 23 students representing 12 countries interned in KITS. Information regarding Interns is given below:

10.6 Measures against Discrimination

10.6.1 Non-Discriminatory Admissions Policy

Karunya, being an Institution with ‘compassion’, has taken several initiatives for creating a disabled friendly ecosystem. Apart from all the facilities recommended by the Building Codes, Construction Manuals, and the Act of 2016, all the stipulations of different agencies of Govt. of India and Tamil Nadu are followed to give special attention to the requirements and comfort of the disabled in the campus, and those who visit the campus (lifts, ramps, etc.) These are reviewed in different meetings held by different Committees and necessary modifications and improvements incorporated. The students are also encouraged to concentrate on research projects and product development, leading to prototypes and processes which help the disabled. Health Care is one of the thrust areas of the Institution that facilitates the disabled. There are also special facilities in the Community Hospital in the campus to take care of the special needs of the disabled.’

'Right of Persons with Disabilities Act, 2016 prohibits discrimination against individuals with physical and mental disabilities. Karunya has been keen in providing all facilities for the differently abled and the guidelines given in the document apply to all faculty, staff and students.'

10.6.2 Access to University Track Underrepresented Groups Applications

- To achieve the goal of sustainable development on the basis of equality, to eliminate or reduce all inequalities, ensure the education rights of poor and disadvantaged groups, improve the admission opportunities of disadvantaged students, and effectively promote the mobility of social classes so as to achieve the measures of a social protection system,
- The University admission channels welcome disadvantaged students (such as ethnic minority, low income students, indigenous communities, students with disabilities, and economically disadvantaged students) to enroll by displaying various scholarships available at the University, Govt., etc. on the notice board and also communicate personally.

10.6.9 Disability Access Scheme

Accessibility and access for persons with disabilities

Persons with disability is afforded the opportunity to acquire the same information, engage in the same interactions, and enjoy the same services as a person without a disability in an equally effective and equally integrated manner, with substantially equivalent ease of use.

The disabled are also provided Mentors like the other students of the University. (20 students are provided with a Mentor), whose help they can seek periodically or whenever they have a need; either in academics or for personal issues.

Student Mentoring:

(This policy has been stated in the University Teaching And Learning Process Policy)

‘There shall be one faculty member for mentoring a group of 20 students. H.O.D.s shall assign the Mentors in the beginning of the academic year, who will closely interact with the students assigned to them and liaison with the other faculty members, wardens, parents and counselors. The separate policy available for mentoring shall be followed by the Mentors to make the life in the fully residential campus of Karunya a pleasant experience for the student community.’

Advanced and Slow Learners:

This process has been stated in the University Teaching and Learning Process Policy and the link to the document is given below:

https://issuu.com/karunyauniversity/docs/12_teaching_and_learning_process

‘The advance and slow learners shall be identified during the three-week student induction programme (SIP) and the internal assessments based on their performance. Remedial coaching shall be organized to enhance their knowledge and skills and their improvement shall be monitored continuously.’

10.6.10 Disability Accommodation Policy

In accordance with ‘United Nations Disability Inclusion Strategy’, Disability Accommodation Policy has been instituted by KITS since its inception. Necessary facilities, appropriate modifications and adjustments, are made for persons with disabilities which enables them to enjoy and exercise on a equal basis with others of all human rights and fundamental freedom. These are manifest from the policies of KITS.

All The Policies quoted above in SDG 10. 6 would apply.
