

FEEDBACK FROM STAKEHOLDERS AND ACTION TAKEN

(2017-2018)

The department has formal and informal mechanisms to obtain feedback from stakeholders through various committees, associations, organization, etc.

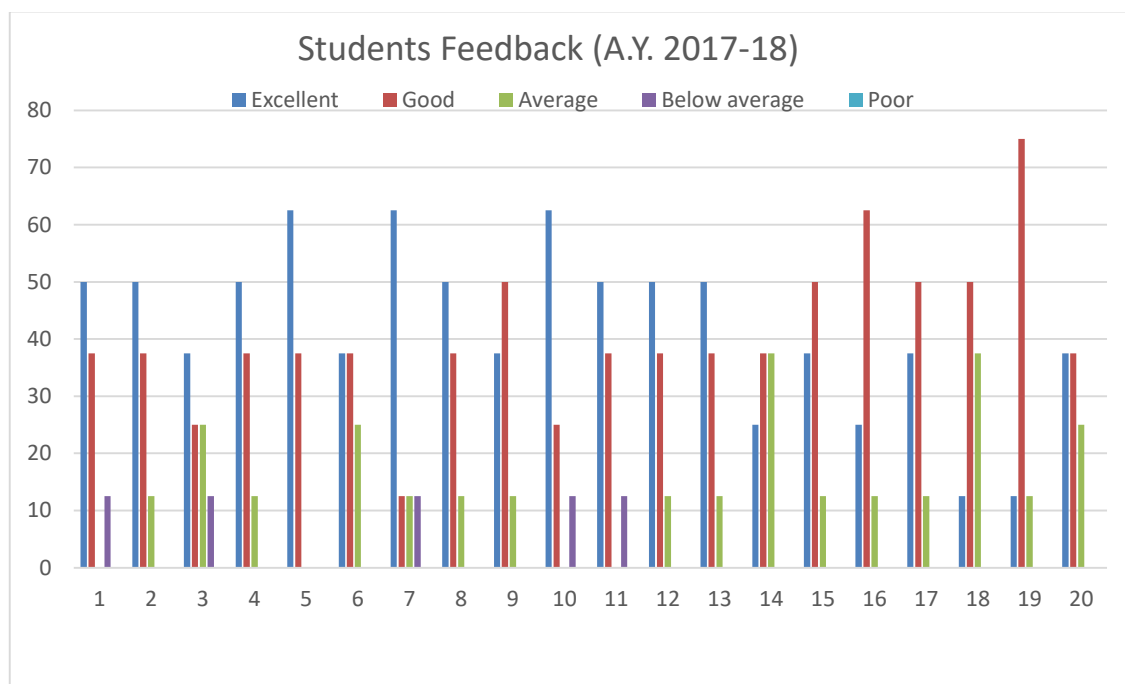

1.a. Students Feedback

- Course on MATLAB, Python, etc. would help in the placement.
- Students should be able to interact with the faculty members. They should have opportunity to learn more.
- Programming can be taught as additional course during third year so as that the students can be placed in good companies.
- Practical way of teaching can be more useful for the students.

Feedback from the students is collected from students every year where the feedback about the curriculum is also collected for analysis and improvement based on the following criterions.

| | Criterion used for analysis |
|----|--|
| 1 | How do you rate the sequence of the Courses that you have studied? Are they in sequence and cater to the pre-requisite knowledge that required during the forthcoming semesters? |
| 2 | How do you rate the syllabus of the courses that you have studied in relation to the competencies expected out of the course? |
| 3 | How do you rate the relevance of the units in Syllabus relevant to the course? |
| 4 | How do you rate the sequence of the units in the course? |
| 5 | How do you rate the allocation of the credits to the courses? |
| 6 | How do you rate the distribution of the contact hours among the course components (L-T-P)? |
| 7 | How do you rate the offering of the electives in terms of their relevance to the latest trends in Technology? |
| 8 | How do you rate the electives offered in relation to the Technological advancements? |
| 9 | How do you rate the relevance of the Text Books and reference books by their international recognition to the Courses? |
| 10 | Rate the size of syllabus in terms of the load on the student |
| 11 | Rate the courses in terms of extra learning or self-learning considering the design of the courses |
| 12 | Rate the courses in terms of sequence of offering considering whether the preceding courses have been covered |
| 13 | How do you rate the loading of the courses in a semester? |
| 14 | How do you rate the evaluation scheme designed for each of the course? |
| 15 | How do you rate the objectives stated for each of the course? |
| 16 | How do you rate competencies expected out of the course? |

| | |
|----|---|
| 17 | How do you rate the composition of the courses in terms of Basic science, Engineering science, Humanities, Discipline core, discipline elective, open elective, project etc.? |
| 18 | How do you rate the percentage of courses having LAB components? |
| 19 | How do you rate the domain user for designing the experiment for the LAB components? |
| 20 | How do you rate the experiments in relation to the real-life Applications? |

1. Which additional topics do you suggest for inclusion in the syllabus of various courses in Order for you better performance in placement interview?

Courses on Matlab, python, etc... would help in the placements

2. Which additional courses do you suggest for inclusion in the curriculum of Aerospace Engineering in order for your better performance in placement interviews?

Application of the fundamentals of aerospace engineering

3. Suggestions for the improvement of syllabus and curriculum for student-progression to higher studies in Aerospace Engineering.

please add the coding of the problems which we solve in class

4. Any other suggestion(s) for curriculum revision to enable better placement/higher studies opportunities?

ACTION TAKEN

Based on the feedback collected from the students through the class committee meeting, the following action has been taken.

- Organized programming classes to improve the coding skills in modelling and analysis software.
- Coaching sessions are arranged to revise the fundamentals to appear for the interview.
- Organized industrial visits, workshops and add-on courses.

1.b. Parents Feedback:

- Need to organized the placements drive for core companies.
- Please provide the guidance to student for choosing the path of placement or higher studies.

Feedback from the parents is collected during the parent teachers meet every year and analyzed for the improvement of the curriculum based on the following criterions.

| | Criterion used for analysis |
|----|---|
| 1 | Role of curriculum in raising the standard of students |
| 2 | Competency of the Teachers in imparting the Course content and Skills effectively |
| 3 | Importance to practical aspects in curriculum |
| 4 | Relevance of the curriculum to societal needs |
| 5 | Relevance of the curriculum to Industry needs |
| 6 | Education provided creates confidence to face competitive exams and interviews |
| 7 | Courses in the curriculum are suitable for Employability / Entrepreneurship |
| 8 | The interaction between staff and students inside and outside the classrooms |
| 9 | Usage of Technologies by faculty relevant to the course |
| 10 | Evaluation system in exams followed in the Institution |

ACTION TAKEN

Based on the feedback collected from parents, the following action has been taken.

- Organized professional talks on choose a career path in High Studies in India and Abroad.
- Core companies are started to come forward for placement for students.
- Students were encouraged to attend the MOOC courses and extra credits are provided for these subjects.

1.c. Alumni Feedback:

- Encouragement is required towards career enhancement and higher studies
- Enjoyed learning in Aerospace Engineering department with highly qualified faculty members and the sophisticated laboratories with advanced experimental facilities.

Feedback from the alumni is collected during the alumni meeting held every year where the feedback about the curriculum is also collected for analysis and improvement based on the following criterions.

| | Criterion used for analysis |
|----|---|
| 1 | Academic support extended by the faculty |
| 2 | Mentoring received from the faculty |
| 3 | Opportunity for participation in co-curricular and extra-curricular activities |
| 4 | Opportunity for interaction with the industry (Industry Visit, Internship, Project etc) |
| 5 | Encouragement received towards career enhancement and higher studies |
| 6 | Opportunity provided for improving communication skills |
| 7 | Guidance on personality development and character building |
| 8 | Input towards attitudinal improvement (such as self-motivation, level of confidence) |
| 9 | Teaching on ethical and social responsibilities |
| 10 | Motivation towards serving society |

ACTION TAKEN

Based on the feedback collected from parents and alumni, the following action has been taken.

- Students are encouraged to attend the technical program based on latest technological development in space science.
- Students are allowed to do mini-project from the subject of their interest in each semester.

DIVISION OF
AEROSPACE ENGINEERING

AEONA 2017

Workshop on 'Space Technology'
"EXPLORING NEW WORLDS IN SPACE"

You are cordially invited to
attend the workshop as a part of
Space Week on 10th October, 2017

Chief Guest: Shri. Jasperlal C
Sr. Scientist, ISRO, Trivandrum

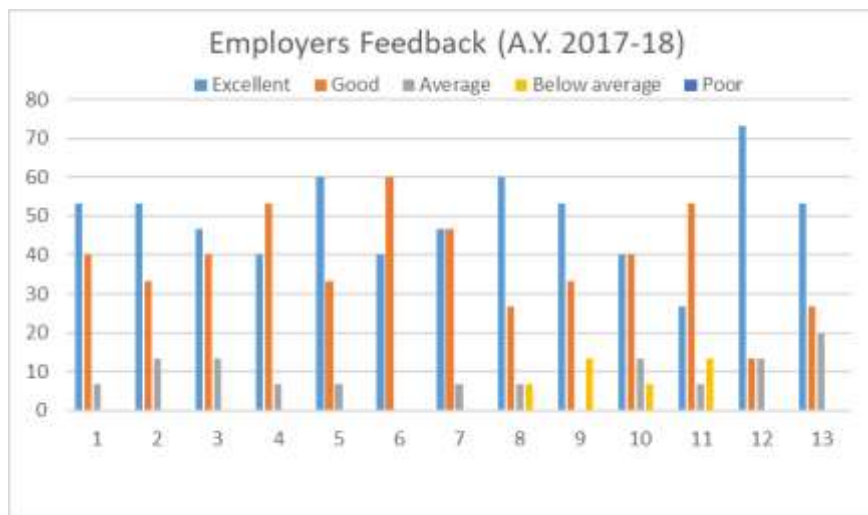

VENUE: EBENEZER AUDITORIUM
TIME: 10:30AM

1.d. Employers Feedback:

- Professional supports by staff/ team encourage the students to take-up interview calls and offers without missing.
- Expected additional industry oriented exposure from the students.
- Students to be trained in latest or new technology which will help them to be better equipped.
- Satisfied with the technical and communication skills of the students.

Feedback from the recruiters is collected during the placement interviews based on the criteria including general aptitude, technical aptitude, application-oriented skills, basic technical knowledge, soft skills. Following criteria are considered for employer feedback.

| | Criterion used for analysis |
|----|-----------------------------|
| 1 | General Aptitude |
| 2 | Technical Aptitude |
| 3 | Application Oriented Skills |
| 4 | Basic Technical Knowledge |
| 5 | Leadership Qualities |
| 6 | Professional Knowledge |
| 7 | Result Orientation |
| 8 | Creativity |
| 9 | Attitude |
| 10 | Communication Skills |
| 11 | Interpersonal Relationship |
| 12 | Team Building |
| 13 | Self-Development |
