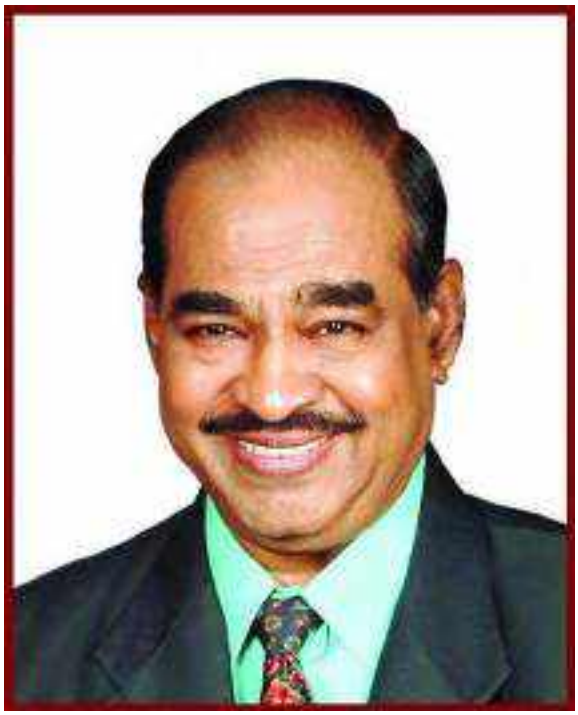
Annual Report 2023 - 2024

OUR BELOVED FOUNDER PATRON



(Late) Dr. D.G.S. Dhinakaran

(01.07.1935 – 20.02.2008)

Chancellor's Message

As we reflect on the past year, I am filled with immense pride and gratitude for the progress we have made together. This year has been a testament to our collective resilience, innovation, and commitment to excellence.

At Karunya, we continue to uphold our mission of academic excellence, research and community service. From groundbreaking research and transformative educational programs to fostering inclusivity and global engagement, we have achieved remarkable milestones.

Our faculty, staff, and students have demonstrated unwavering dedication, adapting to new challenges while embracing opportunities for growth. We have expanded partnerships, strengthened infrastructure, and enhanced the student experience, ensuring that Karunya Institute of Technology and Sciences remains a beacon of learning and leadership.

As we look ahead, our commitment remains steadfast in shaping a brighter future. With your support, we will continue to push boundaries, inspire innovation, and make a lasting impact on our community and beyond.

Thank you for your dedication and belief in our vision. Together, we will continue to thrive.

Dr. Paul Dhinakaran

Vice President's Message

As we look back on the past year, I am overwhelmed with immense joy and appreciate the remarkable progress and achievements of our university community. As the Vice President, I have witnessed the unwavering dedication of our faculty, students, and staff in advancing our institution's mission of academic excellence, innovation, and service to society.

This year has been one of growth and transformation. We have made significant strides in research, expanded our academic programs, and strengthened our partnerships with industries and global institutions. Our students continue to inspire us with their passion, resilience, and commitment to making a difference in the world.

As we navigate an ever-evolving educational landscape, we remain committed to fostering an inclusive, forward-thinking, and dynamic learning environment. The investments in infrastructure, technology, and student support services are a testament to our commitment to excellence and accessibility.

None of these achievements would have been possible without the collective efforts of our university community. I extend my heartfelt appreciation to each of you for your contributions to our shared success.

Looking ahead, we embrace the future with optimism and determination. Together, we will continue to uphold the values that define our university and create new opportunities for generations to come.

Thank you for being an integral part of our journey**.**

Mr. Samuel Paul Dhinakaran

Vice Chancellor's Message

It is with great pride and gratitude that I present this year's Annual Report, a reflection of the unwavering commitment of the stake holders of the university to excellence, innovation, and progress. Over the past year, Karunya Institute of Technology and Sciences witnessed remarkable achievements across academics, research, innovation, sports and community engagement—each a testament to the dedication of the faculty members, students, and staff.

Karunya continues to push boundaries, fostering a learning environment that nurtures creativity and critical thinking. The introduction of new programs, advancements in research, and strengthened partnerships have positioned Karunya as a leader in higher education. The collaborations with premier industries, and institutions have enhanced the learning experiences of the students and helped the students and faculty members to solve human problems.

Beyond academics, Karunya has made significant strides in infrastructure development, student support services, and sustainability initiatives, ensuring that the institution remains a hub of knowledge and inclusivity.

As we look to the future, we remain steadfast in our mission to cultivate global leaders, drive impactful research, and contribute meaningfully to society. I extend my heartfelt gratitude to all who have contributed to our success, and I eagerly anticipate another year of growth and accomplishment.

Dr. G. Prince Arulraj

Pro Vice Chancellor's Message

2023–24 has been a transformative year at Karunya Institute of Technology and Sciences — a period where academic rigor, technological foresight, and global engagement have converged to redefine our institutional future.

Aligned with emerging global trends, KITS has implemented an Outcome-Based and Competency-Focused Curriculum that emphasizes experiential learning, interdisciplinary integration, and innovation-driven thinking. This academic framework ensures our graduates are not only technically proficient but also future-ready professionals—equipped to thrive in intelligent, automated, and sustainable global systems, and prepared for international careers and global placements.

Our strategic priority is to develop learners with the capability to operate effectively and innovate seamlessly across diverse cultural contexts, complex systems, and emerging technologies. This necessitates deeper international collaborations, integration of global curricula, and active participation in global dialogues that shape the future of education and technology.

In an era increasingly shaped by global standards and interconnected innovation ecosystems, our vision is to establish Karunya as a globally benchmarked institution—aligned with the world's foremost academic and research universities. As we engage with global frameworks such as the QS World University Rankings and strengthen our portfolio of international accreditations, we reaffirm our commitment to institutional excellence, transparency, and relevance in a dynamic higher education landscape.

International partnerships, faculty and student mobility, semester abroad programs, and global research alliances are now integral to our institutional framework. By embedding global experiences into our academic core, we empower our students and scholars to engage, adapt, and lead in diverse global contexts.

Our growing presence in international competitions, innovation challenges, and cross-border collaborations stands as a testament to our expanding global footprint. Each engagement strengthens our ecosystem, attracts diverse talent, and elevates our global academic identity.
Looking ahead, Karunya remains steadfast in its mission—to be a catalyst for global good through innovation, ethics, and excellence.

With NAAC A++ accreditation, major research milestones, and growing global recognition, 2023–24 has been a defining year for Karunya. As we move forward, we remain committed to shaping ethical, innovative leaders equipped to impact the world.

Dr. R. Elijah Blessing Vinoth

Registrar's Message

I am happy that we are releasing the Annual Report for the year 2023-24. Looking back at the year, I am proud of how much our university community has grown. Our students, faculty, and staff have all worked together to make this year successful.

Our dedicated faculty have continued to inspire students with their innovative teaching methods and commitment to excellence. Their hard work has helped our students grow both academically and personally, preparing them for successful careers and future challenges. We have also built strong connections with industries, which has helped us improve our programs and give students more opportunities.

Across all divisions, we have seen great progress in academics, research, and placements. New initiatives, collaborative projects, and industry partnerships have strengthened our position as a leading institution in higher education. Our university continues to be a place where students are encouraged to grow and succeed. These achievements show our commitment to providing a high-quality education.

I would like to thank everyone for their hard work and dedication. I look forward to another year of success and growth as we continue to work together to reach new goals.

Dr. S. J. Vijay

1. KARUNYA INSTITUTE OF TECHNOLOGY AND SCIENCES - PROFILE

1.1 Introduction

Karunya Institute of Technology and Sciences (KITS), Coimbatore, was founded in 1986 by Dr. D G S Dhinakaran of revered memory, and Dr. Paul Dhinakaran, who is the present Chancellor of the University. As an Engineering College, KITS received several awards and recognitions such as Best Engineering College of Tamil Nadu-1996, First Self-financing Autonomous Engineering College-2000, Deemed-to-be University-2004. Subsequently, several B.Tech. Programs were accredited by NBA - Computer Science and Engineering, Biotechnology and Electronics and Communication Engineering, Robotics and Automation, Biomedical Engineering and Aerospace Engineering, and M.Tech. Programs in Computer Science and Engineering, VLSI Design, Biotechnology and Master of Business Administration. In 2022, KITS was awarded A++ Grade by NAAC and also obtained ICAR accreditation for BSc(Hons)-Agriculture.

KITS was honored with the Education National Excellence Award by the Associated Chambers of Commerce & Industry of India and was recognized as the Best University Serving Social Cause in India in 2016. The governance of KITS is overseen by a Board of Management, the apex body comprising members from the Ministry of Human Resources Development, Government of India, industries, and academia.

The Academic Council, a statutory body responsible for approving policies and programs, benefits from the expertise of distinguished industrialists, academicians, and alumni. KITS' mission is centered on upholding moral and social values while nurturing individuals who possess academic excellence, research prowess, social concern, and spiritual discernment.

The institution has exceptional facilities for academics, research, and extension activities, offering a diverse range of programs including B.Tech, M.Tech, MBA, Ph.D., B.Com, B.Sc., and M.Sc programs. Several departments house Centers of Excellence that foster research and development. KITS employs a Single Window counseling approach for admitting students based on merit, maintaining a professional approach without resorting to capitation fees or donations. To enhance the teaching and learning process, the institution has implemented a Choice-Based Credit System (CBCS).

1.2 Projects and Research Outputs

Over the last three academic years, a total of 614.86 lakhs in funding has been granted for research projects from diverse sources including Ministry of Electronics & Information Technology - GoI, IDEAS - ISI, Kolkatta, DST-FIST, SERB-DST, SERB, CSIR, IIT Tirupati Navavishkar I-Hub Foundation, IIT Palakkad Technology, I-Hub Foundation", Aeronautics R&D Board (AR&DB),

DRDO, Ministry of Defence, Biotechnology Industry Research Assistance Council, (BIRAC)-PACE, ICMR.

Concurrently, more than 1464 research papers have been successfully published across Scopus Indexed Journals and Web of Science Journals within the preceding three calendar years.

1.3 Intellectual Property Rights Cell (IPR Cell)

Established in 2014, KITS actively fosters, supports, promotes, and safeguards advancements in Science and Technology through its Intellectual Property Rights (IPR) Cell. This dedicated unit facilitates both faculty and students in validating their innovations, initiating patent applications, and overseeing the entire process of publication and granting. Notably, the institution has successfully filed and published 27 Indian patents. Also, 24 patents were granted in the present academic year 2023-24.

1.4 Karunya Innovation and Incubation Centre (KIIC)

The Karunya Innovation and Incubation Centre (KIIC) was established to cultivate a thriving environment for innovation, research, and entrepreneurial endeavors within the realm of Science and Technology. This center plays a pivotal role in promoting entrepreneurship centered around technology, thereby enabling the practical application of knowledge to address societal requirements.

1.5 Collaborations

KITS has established Memorandums of Understanding (MoUs) and Agreements (MoAs) with esteemed universities Transylvania University of Brasov, Romania and Australian Catholic University (ACU), Sydney, NSW. Including industries like IBM Skillbuild for Academia Access, Miles Education Private Limited, CAD Solutions, Garuda Aerospace Private Ltd., Tunga Aerospace Pvt. Ltd., HLL Lifecare ltd., Thiruvananthapuram, Freedom Opthalmic, Space Zone India (P) Ltd., ST Advanced Composites Industries (P) Ltd, ETS India Private Ltd., Haryana, EU Member States, (Erasmus +), NSE Academy, KPR College of Arts Science and Research, Coimbatore, Phoenix360 Solutions Private Limited, IIT Palakkad Technology I-Hub Foundation, Palakkad, Zoho Corporation Pvt. Ltd., ICAR – National Bureau of Agriculturally Important Microorganisms (NBAIM), TMI Systems, Banglore, SUEZ Projects Private Limited These collaborations have facilitated joint research initiatives and technology transfer programs.

2. RECOGNITION AND ACCOLADES

2.1 UGC

Karunya Institute of Technology and Sciences has been conferred with Category-1 Deemed-to-be- University status, underscoring our unwavering commitment to academic excellence, research innovation, and holistic student development. Furthermore, the University Grants Commission (UGC) has granted the institution 12-B status, enabling access to research and development funding. These recognitions significantly enhance our capacity to deliver high-quality, industry-relevant academic programs and strengthen our role as a leading centre of learning and innovation.

2.2 NIRF 2023

KITS was ranked in the band of 101-150 under Engineering and University Category, overall Category under the band 151-200 by the National Institute Ranking Framework of the Ministry of Human Resource Development.

2.3 NBA

The B.Tech. programs in Robotics and Automation and Biomedical Engineering have received accreditation for three academic years, from 2024-25 to 2026-27 (Cycle 1: 21.07.2024 to 30.06.2027). Similarly, the B.Tech. Aerospace Engineering program has been accredited for six academic years, spanning from 2024-25 to 2029-30 (Cycle 1: 21.07.2024 to 30.06.2030). Additionally, three B.Tech. programs, namely Electronics and Communication Engineering, Computer Science and Engineering, and Biotechnology, have been granted accreditation for three academic years, covering the period from 2022-23 to 2024-25 (Cycle 2: 05.08.2022 to 30.06.2025). These accreditations reinforce the institution’s dedication to maintaining high educational standards and delivering quality academic programs.

2.4 International Rankings

In the Global arena, KITS features in Times Higher Education (THE) World University Rankings 2024 & 2025 in 1201 – 1500 Rank, THE World Young University Ranking 2024 in 401-500 Rank, THE Asia Ranking 2024 in 501-600 Rank, THE Impact Ranking 2024 in 1001-1500 Rank with 401- 600 in Clean Water and Sanitation and Affordable and Clean Energy, 601-800 in Good Health and Well Being and in THE Subject Rankings 2024, for Engineering, Computer Science, and Physical Sciences in the 801 – 1000 Rank.

In QS Asia Ranking 2024, KITS is ranked in 701-750, in QS Sustainability Ranking 2024 it is placed in the 1201+ Rank. KITS also obtained the 640 th Rank in UI GreenMetric World University Ranking 2023.

3. INSTITUTIONAL REFORMS AND PRIORITIES

3.1 Choice Based Credit System

Karunya Institute of Technology and Sciences (KITS) is an institution with social concern to address the problems of humanity through Technical Education, Research and Development, Products, Patents and Extension. The faculty and students of Karunya will be nurtured in character, ethics and spiritual discernment to serve the society with fervor and zeal. In order to fulfill the mission, various academic and supporting departments have been established. They offer courses in cutting edge and diversified technological fields. Students choose the courses of their interest from other disciplines in order to widen their knowledge in various disciplines. KITS has Water, Sustainable Energy, Health Care and Food as its Thrust areas. In order to do research and develop products, the thrust areas are supported by 25 Technological Missions. Students and faculty members from various disciplines like Engineering, Science and Agriculture are working in groups to address the needs of the society through their Technological Mission. Entrepreneurship, Management, Skill development and Value education courses are taught to students. Students involve in Co-curricular activities through Seminars, Workshops, Hackathons and other Technical Competitions conducted by the various Academic departments. They also participate in sports, cultural and other extra-curricular activities.

The Institution possesses outstanding facilities dedicated to academics, research, and extension activities. It provides a wide array of programs spanning Engineering and Technology, Management, Media, Arts, Sciences, and Humanities. For all programs except Agriculture, the institution has adopted the Choice Based Credit System (CBCS), while Agriculture follows an elective core system. This setup enhances academic flexibility, ensuring effective learning. The CBCS framework enables the inclusion of a variety of need-based and relevant courses spanning various disciplines. Notably, within this system, theory courses are categorized as professional core, softcore, professional electives, and open electives, providing students the flexibility to select instructors teaching the same courses.

3.2. Curriculum Development

KITS has meticulously crafted a forward-thinking, an innovative and responsive curriculum that is driven by societal needs, technology advancements, industry standards, and product-oriented outcomes. This curriculum is guided by Program Educational Objectives (PEOs) aligned with the institution's Vision and Mission. It's designed to cater to local, regional, and global stakeholders' needs, incorporating specific requirements stipulated in the Program Criteria.

- Beyond fundamental program elements, the curriculum addresses location-specific concerns like water scarcity, environmental pollution, energy crisis, and climate change. It integrates topics such as AI, ML, Robotics, and Automation to tackle societal

challenges, as reflected in learning outcomes including Program Outcomes (POs), Programme Specific Outcomes (PSOs), and Course Outcomes (COs).

- The curriculum encompasses 107 food-related courses, 443 healthcare courses, 144 water-related courses, 241 renewable energy courses, and 318 courses on next-gen technologies across Engineering, Arts & Sciences, Agriculture, and Management programs.
- It incorporates domain-specific requirements from professional societies like ASME, AIAA, ASCE, IEEE, CSI, BIO, ABLE, AIMA, CII, CMA, AICPA, ACCA. These are reflected in the PSOs for Engineering, Agriculture, Sciences, Commerce, and Management programs.
- Course Outcomes (COs) are meticulously aligned with relevant POs and PSOs, assessing crucial skills such as critical thinking, problem-solving, scientific acumen, environmental consciousness, managerial proficiency, entrepreneurship, and lifelong learning, crucial for addressing both national and global issues.
- The curriculum adheres to higher education policies and guidelines set by the Ministry of Education, UGC, AICTE, ICAR, and effectively meets industry and societal requirements.
- Regular revisions are undertaken in line with changing societal demands. Inputs from various stakeholders including industry, prominent academic institutions, research organizations, alumni, faculty, and students contribute to these updates.

3.3 Curriculum and Learning Outcomes

Technology-driven curriculum: The curriculum is technology-driven, fostering advanced problem-solving skills in thrust areas and next-gen technologies. It equips students to tackle local, regional, and global societal challenges and encourages the creation of innovative products, technologies, and intellectual property rights. Notably, 935 courses spanning various schools emphasize technology integration.

Industry-compliant curriculum: The curriculum aligned with industry standards assures that students acquire practical experience by participating in internships made possible through collaborations between KITS and various industries. This approach equips graduates with technical competence and employability skills, which resonate in the attributes they possess upon graduation. A significant 1308 courses are designed with industry relevance in mind.

Project-based curriculum: Through a project-based curriculum, students have the opportunity to engage in their final semester research projects, in collaboration with institutions in countries such as Israel, Canada, Germany, and the United States under the International Association for the Exchange of Students for Technical Experience (IAESTE). This initiative addresses global issues and offers 1063 project-based courses.

Community-oriented curriculum: For students in the field of Agriculture, a community-oriented curriculum named Rural Agricultural Work Experience (RAWE) is implemented. It entails a comprehensive strategy with its three-pronged approach to experience rural India,

enables students to learn agricultural technologies and develop skills and attitudes reflected in COs and POs. Additionally, the Experiential Learning Program (ELP) offered in the final semester fosters entrepreneurial endeavors aligned with societal needs.

Society-driven curriculum: A society-driven curriculum engages students in social surveys in neighbouring tribal and rural areas, where they gain insights into livelihood challenges and propose viable solutions. Extension activities are integrated to address Program Outcomes associated with social responsibility, environmental sustainability, and lifelong learning. This approach transforms students into responsible citizens and stewards of the environment. A total of 301 courses are dedicated to community and society-oriented learning.

3.4 NEP 2020

Delineating the Institutional approach towards the Integration of Humanities and Science with STEM:

KITS strongly believes that, students getting primarily trained in Science – Technology - Engineering – Mathematics (STEM) disciplines when exposed to subjects in Arts and Humanities, it leads to enhancement of their Communication skills, Critical thinking and Problem solving skills. Similarly, students pursuing programs on Arts and Humanities can enhance their ability to think and create beyond their boundaries when their courses with STEM. Adequate measures will be taken to build faculty capacities and to augment infrastructural capabilities to formulate and implement integrative education in STEM and Science and Humanities.

- Physics and Chemistry Courses pertaining to specific engineering disciplines have been designed and integrated in the curriculum
- Language courses have been integrated to curriculum of STEM disciplines

Community Engagement and Service:

KITS has a specific director for Community Engagement and services who coordinates with the academic departments and local community. The academic departments engage the faculty and students in community related projects. Environmental Studies and Value Education courses have been included in the curriculum as per NEP and AICTE guidelines.

Institutional plan for offering a Multidisciplinary flexible curriculum that enables Multiple Entry and Exits at the end of 1st, 2nd and 3rd years of undergraduate education while maintaining the rigor of learning:

KITS is working on framing the curriculum structure to offer Level 5 to Level 10 Qualification types based on the UGC guidelines. Modular curriculum for UG to fulfill certificate, diploma and degree levels are under preparation to be introduced in the curriculum of 2023-25. Major and Minor programmes have also been included.

Institutional plans to engage in more Multidisciplinary Research endeavors to find solutions to society's most pressing issues and challenges:

1. KITS has 25 Technology Missions in all the cutting-edge Technologies. Faculty and Students from various disciplines are involved in Learning, Research and Innovation through the Technological Missions.

2. The Institution has been oriented towards research in the four key areas: Food, Water, Energy and Healthcare. The objective is to address societal problems through research.

3. Research funds have been awarded to KITS for Multidisciplinary Research projects

Good practices of the institution to promote Multidisciplinary / interdisciplinary approach in view of NEP 2020:

KITS has established Karunya Innovation and Design Studio through which various Workshops and Hackathons are conducted. Students from various discipline work as a team to participate in all the events.

Appropriate integration of Indian Knowledge system (teaching in Indian Language, culture, using online course) approach in view of NEP 2020:

The course "Indian Knowledge System" has been included in the curriculum. Each division conducts seminars on "Indian Contributions for the Specific Disciplines". KITS takes efforts to preserve and promote the following: i. Indian languages (Sanskrit, Pali, Prakrit and Classical, tribal and endangered etc.) ii. Indian ancient traditional knowledge iii. Indian Arts iv. Indian Culture and traditions. A non-credit mandatory course "Indian Knowledge Systems" has been introduced as per the AICTE guidelines and Text Book. Independence day, Republic Day are celebrated regularly The Martyrs Day and Armistice Day are observed Institution's Innovation Day, National Entrepreneurship Day, National Entrepreneurship Day, National Education Day, National Pollution Control Day, National Energy Conservation Day, National Startup Day, National Science Day, International Women's Day, World Intellectual Property Day are observed 4th Anniversary of NEP was observed. The Rastriya Ekta Diwas is celebrated. Christmas, Diwali, Pongal, Onam and Holi are celebrated

3.5 Teaching-Learning Process

Adopting Learner-Centric Strategies

All departments at KITS employ learner-centric methodologies to enhance students' learning experiences. These strategies include flipped classrooms, domain-specific workshops, concept and mind mapping, case studies, role-playing, peer group learning, presentations, industry and community-oriented projects, internships, virtual simulation labs, field visits, and industry training. Periodically, faculty members undergo training to embrace student-centric approaches.

Learning Practices at KITS

Experiential Learning

- This approach engages students in understanding and visualizing concepts, employing analytical tools, and honing problem-solving and decision-making skills.
- Learning by doing is integrated into the curriculum, spanning activities such as mini projects (1/2 credits), half/final semester projects (6/12 credits), Experiential Learning Program for Agriculture (20 credits), industry internships (1/2/6 credits), and summer internships (2 credits).
- Students actively contribute to funded projects and consultancies alongside Principal Investigators, gaining valuable research experience.
- Integrated, virtual, and simulation labs are employed to elevate the learning experience. During the pandemic, virtual and simulation labs were used for practical sessions.
- Programs like Rural Agriculture Work Experience (RAWE) and Rural Horticultural Work Experience (RHWE) are executed for final-year B.Sc. (Hons) Agriculture and Horticulture students, adhering to ICAR norms. These programs span 20 weeks with 20 credits, supplemented by a 3-week Agro Industrial Attachment (AIA) that contributes 4 out of the 20 credits.

Participative Learning

- Faculty members blend traditional and contemporary methodologies to engage students in participatory learning, nurturing lifelong learning skills.
- Methods like group discussions, brainstorming sessions, peer review, peer tutoring, meta-planning, collaborative learning, and product development are used. These techniques enhance technical knowledge, teamwork, and communication abilities. This methodology is integrated into the teaching plans across courses.
- Students actively partake in extracurricular activities such as seminars, workshops, conferences, and competitions to acquire graduate attributes.
- Signature events like MindKraft and Innovation Day encourage participatory and peer learning by enabling students to collaborate in teams, present prototype models, and showcase technical prowess.
- The IAESTE program, student-driven, involves roles as Managers, Executives, and Coordinators, enhancing leadership and organizational skills.

Problem Solving Learning

- A student-centered approach, problem-solving learning allows students to grasp concepts through real-world problems. This fosters cognitive ability, critical thinking, and logical reasoning skills, necessary for addressing open-ended challenges.
- Students exhibit creativity and innovative ideas through participation in initiatives such as Smart India Hackathons, Toycathons, Make in India, and AMCATathon. Collaboration with Major League Hacking led to the organization of 12 and 24-hour hackathons.

- As a result, student-led organizations like KarunyaHacks (Technical Team), KarunyaKreatives (Design Team), and Karunya E-Cell (Entrepreneurship Team) emerged, nurturing innovation and entrepreneurship.

Blended Learning Policy

Hybrid Learning Approach - Combines traditional classroom teaching with online learning for flexibility and enhanced student engagement.

Course Selection & Implementation - Departments must identify at least three theory courses per semester for BL, with structured teaching plans and digital content.

Technology Integration - Utilizes ICT tools like MOOCs, Virtual Labs, and simulation platforms to enhance learning experiences.

Assessment & Evaluation - Includes online quizzes, written exams, and project-based assessments, ensuring a comprehensive evaluation process.

Faculty Development - Regular training programs equip faculty with digital teaching skills to implement BL effectively.

KITS' teaching and learning approach emphasizes collaborative problem-solving, task completion, and the creation of socially significant products. Industry internships, mini projects, industry visits, and hands-on training sessions are integral to this process. Additionally, the institution offers seed funding to students for research and development endeavors.

3.6 Catering to Student Diversity

Induction Programme and Student Diversity

The student Induction programme titled “Launching Into Future" (LIFe) – 2022, was organized for first-year undergraduate students from Aug 22nd to Sep 13th, 2022, following AICTE guidelines within the Student Induction Program (SIP) framework. Given the diverse background of students from various Secondary Education Boards and varying socio-economic contexts. Students were made to take up a basic proficiency test in online mode in English, Maths and computer.

Initiatives for Advanced Learners

- Advanced learners benefit from an accelerated learning path that extends beyond the curriculum, facilitated through online platforms like SWAYAM, NPTEL, edX, Coursera, and other supplementary certification courses.

- They gain exposure through specialized industry laboratories established in collaboration with renowned companies such as Siemens, Salzer, Cisco, IBM, Suse, AMZ-Automotive, and Tessolve Semiconductor Pvt. Ltd.
- Participation in student chapters of Professional Bodies such as IEEE, ASME, CSI, IETE, ISHRAE, IIPE, SAE, ACCA, and IGS is encouraged.
- Short-term summer programs at renowned universities like University of Texas-Dallas, Technion-Israel, University of British Columbia-Canada, Ben-Gurion University-Israel, Dong Hwa University-Taiwan, National University of Singapore, and more, have enriched 33 students across disciplines.
- A key initiative for advanced learners was the two-day conference INSPIRE-2024 (March 14th to 15th, 2024), attended by 653 students from Engineering, Arts, Sciences, Agricultureand Management. The event featured 27 sessions, including 21 domain-specific lectures and 6 common sessions. Topics included Technological Advancements, Global Professionalism, Strategic Problem-Solving, and Professional Ethics. Experts engaged students in panel discussions on leadership, entrepreneurship, and corporate expectations.

3.7 Innovation based learning for Incubation and Entrepreneurship

Towards inculcating an innovative culture and creative thinking leading to a start-up ecosystem, the curricula and syllabi were restructured with emphasis on application through mini and major projects, internships, industry connect, product development, technology transfer and establishment of an incubation cell. The best practices to achieve the objective include:

- Experiential learning through enriched academic curricula to solve societal problems.
- Imparting practical skills to students utilizing the well-equipped infrastructure meeting the industrial standards.
- Developing indigenous technologies and products for a self-reliant India *(Aatma Nirbhar Bharat)*
- Enabling Karunya community to incubate their ideas leading to start-ups and entrepreneurship.

The justification for introducing this best practice arise from the need to:

- Meet the demands of Industry 4.0
- Achieve the Sustainable Development Goals (SDGs)
- Face the challenges of food, water, healthcare, energy security and livelihood
- Fill the gap in the area of practical training in the present curricula
- Connect between academia and industry - presently a weak area
- Provide a new dimension to the existing education system
- Make the student community solve practical problems
- Take technology from lab to land
- Expose the student community to global standards in learning

- Create confidence among the student community to solve problems on the floor and field
- Contribute to the theme of Self-reliant India (Aatma Nirbhar Bharat)
- Develop a model for entrepreneurship ecosystem in an educational institution

3.8 KITS Technology and Innovation Missions

3D Printing & Additive Manufacturing

Additive Manufacturing is revolutionizing traditional production by minimizing waste, reducing inventory, and accelerating processes. It played a crucial role in supplying life-saving products during COVID-19. This mission aims to redefine manufacturing using AI and Machine Learning for sustainable and efficient production.

Smart Technology for Precision Farming

Agriculture is vital but often neglected due to water scarcity and outdated techniques. With Industry 4.0, IoT, AI, and Blockchain are transforming conventional farming into digital agriculture, ensuring better climate adaptation, soil health, and pest control.

Small Satellite Technology

Small satellites reduce space mission costs while expanding capabilities. KITS, in collaboration with TU Berlin, is developing a satellite for wildlife monitoring in the Western Ghats to prevent human-animal conflicts.

Green & Sustainable Manufacturing

Sustainable manufacturing minimizes waste and environmental harm. This mission focuses on reducing toxic material usage, maximizing renewable energy, and converting waste into sustainable energy.

Data Analytics & Blockchain

Leveraging Blockchain and Big Data, this mission explores cryptocurrency ecosystems and advanced analytics, preparing students for roles in data science and blockchain development.

Green Energy Technology

With fossil fuels depleting, this mission promotes renewable sources like solar, wind, and bioenergy, integrating AI and nanotechnology to optimize green energy solutions.

Cyber Security

Increasing reliance on digital technologies has led to cyber vulnerabilities. KITS is enhancing cybersecurity through AI, automation, and machine learning to combat cyber threats.

Millets for Nutrition

Millets, resilient and nutrient-rich, can combat malnutrition. This mission promotes millet consumption and develops innovative processing technologies.

Drone Technology for Agriculture

Drones are transforming agriculture through GIS mapping, land and crop monitoring, and livestock health assessment, improving efficiency and productivity.

Vaccinology for Viral Diseases

Focused on rapid diagnosis and treatment for viral diseases, this mission integrates molecular biology, immunology, and nanotechnology to develop cost-effective vaccines and therapies.

Isotope Applications

This mission explores isotope technology for precise data calibration, industrial applications, and medical advancements, enhancing research in various scientific fields.

Wetland Conservation

Wetlands support biodiversity and climate balance. KITS collaborates with global agencies to restore wetlands and improve water quality.

Stem Cell Research

Aiming to advance regenerative medicine, this mission focuses on treating neurodegenerative diseases, cancer, and bone regeneration using AI-integrated cellular therapies.

Technology for Food Security

Food shortages affect millions. KITS is developing innovative storage, processing, and nutritional solutions to ensure food security.

Smart Intelligent Buildings

Integrating AI, IoT, and sensors, this mission enhances energy efficiency and safety in smart buildings for sustainable infrastructure.

Nanotechnology for Healthcare & Vaccinology

This mission explores nanomaterials for targeted drug delivery, improved cancer treatments, and non-invasive diagnostic tools in collaboration with international institutions.

Machine Learning for Societal Problems

ML transforms data into solutions for healthcare, farming, and self-driving technology, addressing global challenges with automation and efficiency.

Smart Vehicles

Focusing on alternative energy, AI-driven automation, and smart sensors, this mission is developing intelligent vehicles for diverse applications, including healthcare and surveillance.

Water Treatment & Desalination

Water scarcity is a global crisis. KITS is pioneering cost-effective, AI-integrated treatment solutions for potable and gray water.

Robotics in Everyday Life

Robots are reshaping industries by taking over hazardous tasks. This mission fosters innovations in AI-powered robotic automation for various sectors.

Satellite & GIS Applications

GIS technology aids in disaster management, environmental monitoring, and emergency response through satellite data analysis and mapping.

Smart City Development

KITS contributes to smart city infrastructure by leveraging AI, IoT, and data science for urban sustainability and efficiency.

Indigenous & Herbal Medicine

Promoting traditional herbal medicine, this mission develops digital repositories, medicinal gardens, and novel herbal-based treatments.

Rural Development

Enhancing rural infrastructure, healthcare, and self-employment, this mission introduces sustainable solutions for clean water, biogas, and agricultural advancements.

Medical Devices Innovation

Developing cost-effective, indigenous medical devices, KITS focuses on AI-driven prosthetics, diagnostics, and rehabilitation solutions in collaboration with SEESHA.

4. FACULTY ACHIEVEMENTS

4.1 Patent filed, Published and Granted

KITS encourages, facilitates, promotes and protects innovations in Science and Technology through the IPR Cell established in 2014. The IPR Cell enables faculty and students to validate their innovations, by file patents and process them for publication and granting. Twenty-Seven patents have been published, 24 patents granted were during the academic year 2022-23. The details are presented in **Annexure - 11.**

4.2 Presentation, Publication of Research Papers

Faculty members participated in National and International Conferences and presented technical papers. Students also participated in Presentation, Publication of Research Paper and Posters in Conferences. Details of publications are given in **Annexure - 8** and **9.**

4.3. Products Developed by Students and Faculty Members

The students and faculty members have shown remarkable enthusiasm for designing and developing products that solve human problems. A list of such products developed is presented in **Annexure - 12.**

4.4. Start-Up and Entrepreneurship

The students at Karunya are highly motivated and encouraged to become entrepreneurs. The start-up ecosystem at KITS has attracted many students to venture into various start-ups and create jobs for many. The list of these students is presented in **Annexure - 13.**

4.5 Funded Projects Sanctioned

During the academic year seven projects have been sanctioned by the external funding agencies for a sum of Rs. 614.86 lakhs to faculty members. Details are presented in **Annexure - 24**.

4.6 Books and Book Chapters Published

There are 123 Books and Book Chapters published during the academic year 2022-23.
The details are given in **Annexure – 22.**

4.7 Consultancy

Faculty members are motivated and encouraged to take up consultancy, testing assignment from various industries, institutions, individuals the academic year 2022-23. The Consultancy income generated during 2022-23 is Rs. 79.09 lakhs. The details are furnished in **Annexure - 14.**

4.8 Participation of Faculty Members in Conference/Workshop/Seminars

The faculty members are encouraged to enhance their expertise in academics and research by participating in conferences, webinars, FDP, STTP through the Guest Lecture organized in campus and through online. The details are given in **Annexure – 21**.

4.9 Faculty Members as Top 2% Scientists

Karunya Institute of Technology and Sciences (KITS) is proud to announce that five of its esteemed faculty members have been recognized among the top 2% of scientists worldwide, according to a study conducted by Stanford University, USA. This esteemed accolade highlights their remarkable contributions to their respective fields and further strengthens KITS' global standing in academic and research excellence. The details of the recognized faculty members are provided below:

Recognized Faculty Members:

Dr. Sneha Gautam
Associate Professor
Division of Civil Engineering

Dr. Jude Hemanth
Professor & HoD
Division of Electronics and Communications Engineering

Dr. Godson Asirvatham Lazarus
Professor & HoD
Division of Mechanical Engineering

Dr. A. Immanuel Selvakumar
Professor & HoD
Division of Electrical and Electronics Engineering

Dr. Dibyajyoti Haldar
Associate Professor
Division of Biotechnology

This esteemed recognition by Stanford University not only highlights the individual achievements of these scholars but also reinforces Karunya Institute of Technology and Sciences commitment to pioneering research and innovation on a global scale. This accomplishment aligns with KITS' mission to promote cutting-edge research and cultivate a culture of academic excellence. In the academic year 2023-24, KITS has continued to invest in research infrastructure, foster interdisciplinary collaborations, and encourage faculty and students to engage in transformative research.

5. QUALITY INITIATIVES

The following significant quality improvement initiatives are recommended by IQAC to lead the University in achieving the targets of ranking and accreditation:

1. Academic course file audit
2. Research audit
3. Question paper audit
4. Energy audit
5. Gender audit
6. Green audit

5.1 Initiatives taken by the Institution to make the Campus Eco-friendly

Solar Power Plant

- 95kW grid-tied solar power plant on the roof top of the administrative building generates approximately 1, 44,000 units leading to a saving of Rs.11, 20,000 per year.
- 25 solar water heaters of a capacity of 3500 litres in hostel buildings leading to a saving of Rs.9,61,000 per year.
- 160 numbers of LED street light sin the campus, saving leading to a of Rs.1,07,000 per year.
- Conversion of existing lights into LED tube lights leading to a saving of Rs.9,00,000 per year.

Biogas Plant

- Four Biogas Plants in the hostels, produce energy leading to a saving of Rs 23,10,000 per year.

Paper Recycling Plant

- From 150 kg of paper waste, 100kg of paper boards are produced every day which accounts for a saving of Rs. 5,04,000 per year.

Rain Water Harvesting

- Soil and water conservation measures are adopted in the campus in addition to rain water harvesting, waste water treatment and recharging leading to a saving of Rs.2,00,000,- per year.

6. BEST PRACTICES IN ACADEMICS

6.1 Karunya Technology Business Incubator Program (KTBIP)

Karunya Technology Business Incubator Program (KTBIP), an implementing arm of Karunya Incubation Foundation, focuses on accelerating early-stage start-ups by providing domain-specific mentorship, product development support, and access to industry networks.

Karunya Incubation Foundation (KIF) is a dedicated entrepreneurial and innovation hub established in association with Karunya Institute of Technology and Sciences. The foundation aims to nurture and support aspiring entrepreneurs, students, and faculty by providing a structured incubation ecosystem that facilitates the transformation of innovative ideas into successful business ventures. Through mentorship, funding assistance, industry collaborations, and state-of-the-art facilities, KIF plays a pivotal role in fostering an entrepreneurial culture within the institution.

KITS actively integrates innovation-based learning into its academic programs, complementing KIF's initiatives. By incorporating practical exposure to entrepreneurship, problem-solving, and industry-driven research, the Institution equips students with the necessary skills to develop market-ready solutions. Academic credits are awarded to students who engage in entrepreneurial activities, encouraging them to explore startup opportunities while completing their education.

KIF offers a wide range of support services, including pre-incubation programs such as boot camps, workshops, and hackathons that help students to refine their ideas and understand market dynamics. The foundation also provides incubation support in the form of office space, mentorship from industry experts, networking opportunities, and assistance in securing government and private funding. With strategic partnerships with accelerators, investors, and industry leaders, KIF enhances the growth prospects of startups emerging from Karunya's ecosystem.

Over the years, KIF has successfully incubated numerous student-led startups spanning sectors such as Agritech, Healthcare, Artificial intelligence, Sustainable technologies, and Social entrepreneurship. These ventures have received recognition on national and international platforms, securing funding and strategic partnerships for further expansion. Despite challenges such as limited funding and the need for increased industry-academia collaboration, KIF continues to strengthen its support mechanisms to create a thriving entrepreneurial ecosystem.
Through its strong association with the KITS, KIF remains committed to fostering innovation, supporting emerging entrepreneurs, and contributing to economic and societal development. With a vision to bridge the gap between academic learning and real-world applications, KIF continues to empower the next generation of innovators and business leaders.

6.2 Impact of the Innovation, Incubation, and Entrepreneurship Course

Entrepreneurship is a catalyst for innovation and economic growth. To nurture this spirit, we offer an entrepreneurship course in collaboration with the NEN – Wadhwani Foundation from the first year of undergraduate studies. This early exposure empowers students to develop innovative ideas, incubate them, and establish startups before graduation. Many students have successfully translated their concepts into viable ventures, reflecting the course's role in fostering entrepreneurial skills.

The **IGNITE Entrepreneurship Program** is a 14-week structured journey that guides students through problem discovery, venture idea development, validation, and prototype design. The program employs experiential learning, simulations, case studies, and AI-driven support to ensure an engaging and hands-on experience. Students benefit from startup mentorship, industry interactions, and live sessions with founders and experts, enhancing their entrepreneurial mindset.

This course equips students with the ability to navigate the VUCA (Volatility, Uncertainty, Complexity, and Ambiguity) world, fostering problem-solving, critical thinking, research, financial literacy, and strategic decision-making skills. It enables students to develop and validate venture ideas, refine business pitches, and participate in startup competitions, hackathons, and pre-incubation programs.

The program offers **AI Tutor support**, startup mentorship, Wadhwani Tech Vision Live sessions, and networking with aspiring entrepreneurs. Completing the course earns students a **Certificate of Excellence**, boosting their career prospects. With a **hybrid delivery model**, combining classroom sessions with digital learning, accessibility and engagement are maximized.

By integrating innovation, invention, and incubation into academics, this course prepares students for roles as startup founders, product innovators, business analysts, venture strategists, and intrapreneurs. It cultivates a culture of entrepreneurship, ensuring students graduate with the skills and experience to build sustainable ventures and drive societal impact.

7. ACADEMIC AFFAIRS AND PROGRESS

7.1 Programs Offered and Students Strength

During the year under report, the Institution offered 36 undergraduates, 27 Postgraduate and Ph.D. research programs in various disciplines of Engineering, Science, Humanities and Management. The details of programmes offered are furnished in **Annexure – 1.**

The total student strength during 2021-22 was 8087. Out of them, 981 were Ph.D. Research Scholars, 161 M.Tech. Degree and 4391 B.Tech program; 946 were students of Agricuture B.Sc.,B.Tech, Msc and 1608 were students of M.B.A., M.Sc., M.A., B.Com, B.Sc., BBA, BCA programmes. Branch-wise and community-wise student strength and along with a list of International Students are given in **Annexure - 2.**

7.2 Admissions Report

Undergraduate Programs:

Admission to the UG B.Tech programs is based on the Karunya Entrance Exam (KEE-2023). However, admission to the B.Tech program is contingent upon meeting the eligibility criteria

and additional requirements prescribed by AICTE or KITS (as applicable). Admission to the B.Sc.(Hons.) Agriculture program is based on meeting the eligibility criteria and any additional requirements set by ICAR or KITS (as applicable). Admission to other UG programs is based on marks secured in the qualifying examination (+2/Intermediate).

Provisional Admission for 2023-24:

Provisional admission for the 2023-24 academic year is processed online by uploading the 10th-grade mark sheet and completing the first installment of the first semester fee, starting from the date of opening applications. Admission is confirmed only upon receiving the candidate's original HSC mark sheet, in accordance with the Institution's guidelines.

Postgraduate Programs:

Admission to all PG programs in Engineering, Management, Arts, and Sciences is based on merit. Candidates for the Management program are admitted based on their performance in the Karunya Management Aptitude Test (KMAT-2023) and their UG mark sheet. Admission is confirmed only after receiving the candidate's original certificates, following the Institution's guidelines. Candidates must visit https://admissions.karunya.edu to apply online and submit the Expression of Interest (EoI) for the program they wish to pursue at KITS.
Once the EoI is submitted, candidates will receive an acknowledgment via SMS and email from KITS, which includes the application number and passcode required to log in and complete the application process.

With the application number and passcode, candidates can submit their applications through the Admissions Portal Login.

Provisional Admission Process:

Provisional admission for the program of choice can be obtained by making an initial payment as per the approved fee structure of KITS via online payment.

Once the payment is reflected in the portal, candidates will receive a confirmation SMS and email sent directly to their registered contact details, and the Provisional Admission Order can be downloaded from the Admissions Portal. However, admission to all UG & PG programs is confirmed based on the eligibility criteria outlined in the Admission Guidelines.

7.3 MoU / MoA signed with other Institutions

MoU / MoA has been signed with the following industries / institutions during the Academic Year 2022-23.

Sl. No.	Department	Collaborated Agency Name	Collaborated Agency Type	Date Signed / Renewed on
1	Mechanical Engineering	Gislen Software	Corporate / Industry Association	24.08.2022
2	Aerospace Engineering	Windcare	Corporate / Industry Association	18.11.2022

7.4. Value Added Courses

Value-Added courses are part of the curriculum designed to provide the necessary skills to increase the employability quotient and equip the students with essential skills to succeed in life. Several departments have conducted several contemporary value-added courses for the students empowering them to enhance the curriculum by amplifying, supplementing and replacing a few topics that have become ineffective or obsolete. The Details are presented in **Annexure - 4**

7.5 Course completed on MOOC Platform by Faculty and Students

Faculty members and students of Karunya have displayed a high interest in acquiring knowledge through free and paid web-based distance learning program that is designed for large numbers of geographically dispersed students and faculty. The Details are presented in **Annexure – 7.**

7.6 Upgradation of facilities/ Establishment New Labs & Centers

KITS have allocated substantial budget to upgrade the facilities/establishments, new labs and centers to cater to the needs of the students and faculty members. These new facilities have undoubtedly supported the stakeholders to enhance their knowledge with cutting-edge technologies and processes. The list of new facilities is appended in **Annexure - 23.**

8. MAJOR EVENTS

8.1 Convocation

The 29th Convocation of Karunya Institute of Technology and Science was held on 6th July 2024. Prof. S S Mantha, Former Chairman, All India Council for Technical Education (AICTE), delivered the Convocation Address. Honorable Chancellor Dr. Paul Dhinakaran, delivered the Convocation message and blessed the graduates.

The Degree of Doctor of Science – Honoris Causa was conferred to Shri.E. Sreedharan, Member Engineering, Railway Board (Rtd.,), Former MD, Delhi Metro.

Karunya Institute of Technology and Sciences recognized 112 academic toppers with Rank Certificates and Cash Awards. Awards for the best UG outgoing students were conferred upon Mr. Gurram Aakash (ULK20RA1005) of B.Tech. Robotics and Automation in the School of Engineering and Technology, Mr. Richie Suresh Koshy (URK20AI1015) of B.Tech. Artificial Intelligence & Data Science in the School of Computer Science and Technology, and Mr. Samuel D. A. (URK21DS3008) of B.Sc. Information Security & Digital Forensics in the School of Sciences, Arts, and Media.

The best PG outgoing student award was given to Ms. Kaviya B (Reg. No. PRK22BM1001) of M.Tech. Biomedical Instrumentation Engineering. The best Agricultural outgoing student was conferred to Ms. Harshini R (Reg. No. URK20AC1342) of B.Sc. (Hons). Agriculture.

On the occasion, 2042 graduates comprising of 1560 UG students, 402 PG students and 80 Ph.D. scholars were awarded degrees.

8.2 Conferences, Seminars, Workshop, Training Programmes, FDP, STTP Organized by the Divisions

Seminars, Conferences, Symposia, Workshops, Training Programmes and Faculty Development Programmes and Guest Lecture programmes were organized by the Institution. The details are given in **Annexure – 20.**

9. STUDENTS' ACHIEVEMENTS

9.1 Academics

During the academic year, 91.89% of the UG students and 96.37% of PG students graduated from the institution. The details of pass percentage are given in **Annexure - 3**.

9.2. Success in Competitive Examinations

Students keen on writing competitive exams were provided with specialized training and care to face & become successful in clearing the competitive examinations. The list of students qualified in competitive examinations is provided in **Annexure - 17**.

9.3 Achievements in Co-Curricular Activities

The Students participated in national and international co-curricular activities such as paper presentation in conferences, design competitions, quiz competitions are given in **Annexure - 18**

9.4 Achievements in Sports

Mr. M. Aravindan - URK22AI1026 won the Silver medal in the 8th Deejion MBC Cup International Open Taekwondo Championship held at South Korea, from 09.08.2023 to 17.08.2023.

Ms. M. P. Karthiyayini - URK23CM4004 brought Laurels by winning the GOLD medal in the All India Inter University Wushu Championship held at Jammu and Kashmir, from 13.02.2024 to 17.02.2024.

Ms. M. Deva Dharshini - URK22AE1002 brought Laurels by winning the BRONZE medal in the All India Inter University Wushu Championship held at Jammu and Kashmir, from 13.02.2024 to 17.02.2024.

Ms. M. Deva Dharshini - URK22AE1002 won the GOLD medal in the South Zone Khelo India in Wushu held at the KPR Institute, Coimbatore, from 18.01.2024 to 21.01.2024.

Ms. M. Nandhini - URK22CR1032 won the **GOLD** medal in the South Zone Khelo India in Wushu held at KPR Institute, Coimbatore, from 18.01.2024 to 21.01.2024.

Ms. M. Nandhini - URK22CR1032 won the **GOLD** medal in the Khelo India Women's League Ranking (Senior, Junior, and Sub-Junior) State Tournament 2023-2024 held at Villuppuram, from 28.08.2023 to 29.08.2023.

Ms. M. Nandhini, - II B.Sc. Criminology, won the **GOLD** medal in the 20th Sub-Junior, Junior, and Youth Tamil Nadu State Wushu Championship 2023 held at Villupuram, from 07.07.2023 to 09.07.2023.

Ms. S. Sanjana - URK22AC1223 won the **SILVER** medal in the South Zone Khelo India in Wushu held at KPR Institute, Coimbatore, from 18.01.2024 to 21.01.2024.

Ms. S. Sanjana - II B.Sc. Agri won **GOLD** and **SILVER** medals in the 20th Sub-Junior, Junior, and Youth Tamil Nadu State Wushu Championship 2023 held at Villupuram, from 07.07.2023 to 09.07.2023.

Mr. V. Chinnasamy - PRK23DS1001 and Mr. V. Lukendira Sastha - URK23ME1005 secured the **FOURTH position** in the All India Inter University Beach Volleyball Tournament held at SRM University, Chennai, from 26.12.2023 to 29.12.2023.

Mr. Mohammed Shukraf - URK22BM2006 won the GOLD medal in the Strong Man of Tamil Nadu and the Strong Bench Press and Dead Lift State Level Power Lifting Competition 2024, organized by Randy Gym, Coimbatore, from 10.03.2024 to 12.03.2024.

Mr. Mohammed Shukraf - URK22BM2006 won the GOLD medal in the Powerlifting Open Strong Man of South India, on 26.01.2024.

Mr. Mohammed Shukraf - URK22BM2006 won the **GOLD** medal in the Open State Level Deadlift Championship 2023 of the Amateur Powerlifting Association held at RVS College of Arts and Science, Coimbatore, on 01.10.2023.

The KITS Football team secured the WINNER'S trophy in the State-Level Inter-Collegiate Shri Ramachandra Iyer Trophy 2024, organized by SASTRA Institution, from 01.03.2024 to 02.03.2024.

The KITS Football team secured the WINNERS trophy in the National Level Colosseum 2024 held at SASTRA Institution, from 14.02.2024 to 18.02.2024.

The KITS Football team secured the RUNNERS trophy in the 5 a side Football Men's Tournament 2023, organized by Viking Brother's Club, Coimbatore, on 10.12.2023.

10. ALUMNI AFFAIRS

Reflecting on the Progress

Welcome to the Annual Report of the Alumni Affairs Office, Karunya Institute of Technology and Sciences. This year has been marked by continued growth, strengthened engagement, and a lasting impact on our alumni community. We have actively worked to reconnect alumni with their alma mater, fostering strong bonds across batches.

Throughout the year, the Alumni Affairs Office has facilitated numerous events and initiatives working along with members of Karunya International Alumni Association (KIAA) and Karunya Alumni Association India (KAAI), aimed at strengthening the bonds that unite our community. We have seen great success with our alumni chapters, which have hosted regular meetings and connected alumni from various regions and fields. Jubilee reunions have provided opportunities for alumni to celebrate milestones and reconnect with classmates, while division-specific alumni meets have allowed for more focused discussions and networking.

Distinguished alumni shared their experiences in the student induction program and welcomed the first-years. Many shared their insights with current students through the Alumni Lecture Series. Alumni engagement remained strong through campus visits, faculty interactions, placement support, and contributions to lab work.

As we reflect on the year, we are reminded of the power of alumni involvement and the incredible potential within this dynamic network. Moving forward, we are excited to continue our efforts in serving the diverse needs of our alumni, nurturing a lifelong connection, and strengthening the spirit of commitment to our institution.

The Missing Link- Karunya Alumni Magazine

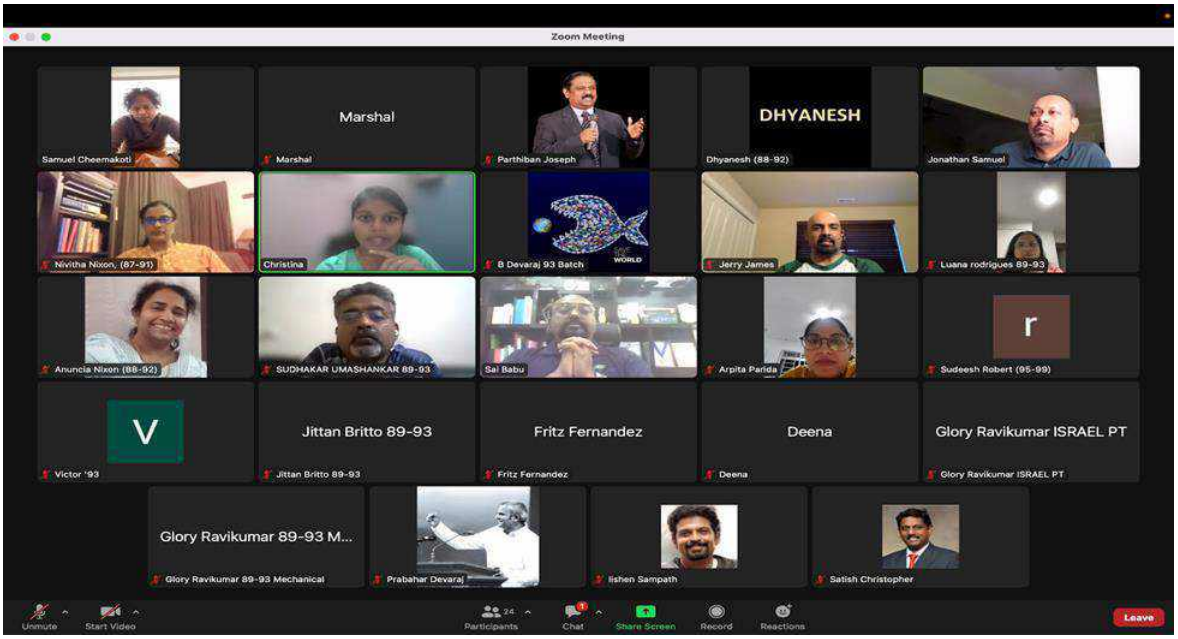
The Missing Link will connect alumni spanning over three decades; it will link connections to business networks and connect you to campus and student life you once enjoyed there. As a digital platform, it opens the door for the entire Karunya community to come together in imaginative new ways and carve out opportunities, connections, and experiences that may not have been otherwise linked, spawning newer ones in turn. That raison d'être is distilled into the tagline of the magazine. inform, illuminate & initiate.

Vision:

To be the link that connects Karunyan's across the years and the networking platform that initiates fruitful relationships illuminates the successes and needs of fellow-Alumni and informs of issues that matter, bridging distance and time.

Mission:

Collect and publish original articles that offer information, insight, inspiration, wisdom – both worldly and spiritual, a lighter look at life and nostalgia through reminiscences of a common experience – our time in Karunya, to the benefit of alumni.



The Office of the Alumni Affairs organized The Missing Link meetings to review the contents of upcoming alumni magazine issues and discussed on the technical aspects of the tools being used.

Karunya International Alumni Association

The Office of the Alumni Affairs organized four KIAA meetings and updated on the recent developments, including the outcomes of chapter meetings and the successful Silver Jubilee alumni event, to the board members.

The Deputy Head of Alumni Affairs reached out to 120 alumni who graduated from top-ranked universities (according to the QS rankings) and are currently residing in the USA, UK, Australia, and Canada. The goal was to seek their support for potential twinning programs. A report outlining the details of this initiative was prepared and submitted to the Registrar on August 7, 2023.

Alumni Achievements

On December 15th 2023, Sunil David had a wonderful opportunity to participate in the 19th Edition of the India Manufacturing Excellence Awards (IMEA) and the 14th Edition of the Sustainability 4.0 awards program, organized by Frost & Sullivan at the Taj, Bangalore. The event recognized Indian Manufacturers excelling in World-Class Manufacturing practices and adopting Digital Technologies like IoT, Analytics, and AI to drive business impact and global competitiveness. Later, on April 6, 2024, Sunil received a prestigious recognition at the India Business Conclave 2024 in Hyderabad. The award, presented by Global Triumph Foundation, was given for his outstanding contributions to the industry, with Jayesh Ranjan, IT Secretary of Telangana, The Chief Guest.

Sunil David had the honor of delivering a keynote address on "Smart Manufacturing and Sustainability" at the CII Conclave on Digital Acceleration for MSMEs, organized by the Confederation of Indian Industry on February 16, 2024, at the Brilliant Convention Centre in Indore.

Daniel Jacob was honored with The Economic Times HR World's "HR Leader of the Year - 2023" GOLD category award at their Annual Conference in Delhi-NCR. The recognition was a significant milestone in his career, which he humbly dedicated to his teachers, colleagues, and family.

He expressed deep gratitude for the grace and favor he received. The award highlighted his exceptional leadership in HR.

Alumni Visited the Campus

Last year, a few of our alumni visited campus, reconnecting with faculty and students. They shared valuable insights about their career journeys and experiences since graduating. Their visit fostered a strong sense of community and provided current students with inspiration and guidance. It was a great opportunity to strengthen the bond between past and present members of our institution.

13	23.07.2023	Mr. Richard (Alumni, 2009-13, CSE)

On 21st April 2024, Mr. Samson visited our lab facility at L&T Machinery & Industrial Products Product Development Centre. During his visit, he interacted with students and also had discussions with the Head of the Robotics Department and the Head of Alumni Affairs.

Goals for 2024-2025

Strengthen Research Collaborations:
Build Alumni partnerships for Joint Research, Internships, Commercializing Patents and Project-Based Learning.

Career Empowerment Initiatives:
Launch the Alumni Mentorship Program and Professor of Practice to strengthen the skills required for industry

Expand the International Chapters:
Expand the International Chapters for more global connect and support to the alma mater
Enhance Community Engagement:
Increase alumni-driven scholarships and contributions for the current needy students.

Conclusion

As we conclude this year's Annual Report, we want to express our deepest gratitude to each and every one of you—our alumni, partners, and supporters. Your dedication, generosity, and commitment to the Alumni Affairs Community make all of our accomplishments possible. Whether through donations, mentorship, or simply staying connected, you play a vital role in shaping the future of our alma mater.

We are inspired by the remarkable achievements of our alumni and the lasting impact you continue to have on the world. Your ongoing involvement strengthens the bond between past, present, and future generations of graduates, and for that, we are truly thankful.

Together, we are creating a vibrant network that supports one another and elevates the collective spirit of our institution. We look forward to continuing this journey with you, and we appreciate everything you do to make our community stronger.

11. STUDENT SUPPORT

11.1 Student Mentoring

KITS is keen on grooming the young students and transforming them to professionals with integrity and moral values through the efficient mentoring system.

Each faculty member is assigned with 18 to 20 students under their care. It is a dynamic process through which a mentor and a mentee develop rapport and maintain a strong bond.

Students facing immense challenges get distracted easily due to peer pressure. In order to keep them on the right track, Mentors play a vital role in different dimensions.

Mentors' Role

Performance in Academics

1. Mentors are the ones who mould the mentees' attitude towards academics.

2. They keep a careful watch on their academic progress and address the issue of absenteeism then and there.
3. As the academic performance is continuously monitored by the Mentor, the overall academic performance of the Mentees considerably improved.

Mentees' Discipline

1. With regard to the disciplinary issues, if the Mentor observes the behavioral changes, then he or she takes remedial action on time and counsels the student.
2. The pro-active watch helps the mentors to identify depression, academic struggle, personal difficulties etc. of their mentees. They take the help of professional counselors, whenever required.
3. Mentors are the sources of encouragement and are often a bridge between the students, parents and the organization.

Mentees' Personal Life

1. Mentors invest their time in rectifying the weaknesses and shortcomings of the Mentees.
2. Mentors give time for one to one relationship with a caring and supportive love where the mentees can make a world of difference.
3. Mentors play the role of a trusted guide or friend helping the mentees to outpour their grievances and to share their emotions and feelings.
4. Mentors are responsible for providing access to people, places and things outside their mentee's routine environment.
5. Mentors make an impact in the life of the mentees by their prayerful intervention and parental love.
6. Mentors also identify the potential of the students under their care and nurture it, leading them to be leaders committed to serve the community keeping in view the Vision and Mission of the University.
7. Mentors help the students look beyond their conditions and envision a promising future.

Impact of Student Mentoring

Mentors' support and guidance have helped the mentees to achieve their goals and expectations. The impact can be observed in their improved academic performance, self-disciplined life style and attendance in the classes.

11.2 Short Term Research Grants

Short Term Research Grants were sanctioned to the tune of Rs 2,93,250/- to the Faculty members during this academic year. The details are given in **Annexure - 10.**

11.3 Placement and Higher Studies

A total of 868 students were placed through campus and off campus recruitment drive and 259 students pursued their higher studies. Details are given in **Annexure - 15** and **16**.

11.4 IAESTE INDIA - LC KARUNYA

International Association for the Exchange of Students for Technical Experience (IAESTE) India was established in KITS in 2001. Currently, KITS functions as the IAESTE India Local Committee, enabling student exchange programs for technical internships overseas. The IAESTE LC Karunya at Karunya Institute of Technology and Sciences is a vital point of contact for Indian students seeking global internship opportunities and a welcoming platform for international students on exchange. IAESTE offers hands-on training in Engineering, Technology, Natural Sciences, Arts, and Management, with placements in over 90 countries across universities, research institutions, enterprises, and commercial entities. Our commitment to quality and excellence remains at the heart of our efforts.

Cultural Experiences & Intern Engagement

To embrace the essence of global cultural exchange, we hosted a grand International Evening, a vibrant showcase of traditions, music, and cuisine from around the world. The event brought together interns, students, and faculty for an unforgettable night of lively performances and interactive sessions. The evening began with interns introducing their home countries, sharing fun facts, customs, and personal experiences of their culture. This was followed by a series of performances, where both local students and interns took the stage to showcase their talents. The event was a colourful representation of global unity, from traditional dances and folk music to contemporary acts.

International Evening for the Inbound Interns

Additionally, we hosted a High Tea, providing a relaxed and welcoming atmosphere for interns to interact with IAESTE members, faculty, and fellow students. The gathering served as an excellent opportunity for meaningful conversations, allowing interns to share their experiences, academic pursuits, and cultural backgrounds, strengthening their connection with the local community.

The event took place in an elegantly arranged setting, with a spread of refreshing beverages, gourmet snacks, and traditional Indian delicacies. The cozy ambiance encouraged open discussions, where interns spoke about their time in India, exchanged insights about their home countries, and learned more about Karunya's academic environment and culture.

One of the highlights of the evening was a storytelling session, where interns shared anecdotes about their internship journey, cultural surprises they encountered, and the skills they were developing through their exchange. This session sparked engaging discussions and laughter, making it a memorable moment of the gathering.

In addition to networking, the High Tea also provided a platform for interns to interact with faculty members, gaining valuable insights into professional and academic opportunities. The casual yet enriching discussions helped to build lasting relationships and foster a deeper understanding of the global perspectives.

The event concluded on a warm note, with interns and IAESTE members exchanging tokens of appreciation and group photos, capturing the essence of friendship and cultural exchange.

High Tea with our Vice Chancellor and Pro Vice Chancellors

To make their stay in India even more memorable, we arranged a trip to Kodaikanal, a picturesque hill station known for its breathtaking landscapes, misty hills, and serene environment. The journey itself was an experience, with interns enjoying the scenic drive through winding mountain roads, lush greenery, and stunning waterfalls along the way.

Food played an essential role in the trip, as interns had the chance to savor local delicacies like hot roasted corn, homemade chocolates, and South Indian specialties, adding to their cultural immersion.

Beyond sightseeing, the trip was an opportunity for bonding and cultural exchange. Whether it was hiking through scenic trails or capturing stunning photographs, the interns and IAESTE members created lasting memories. The experience not only strengthened friendships but also deepened their appreciation for India's natural beauty and warm hospitality.

The excursion to Kodaikanal was a perfect blend of adventure, relaxation, and cultural exploration, making it a truly unforgettable highlight of their stay in India.

Trip to Kodaikanal

Through initiatives like the International Evening, High Tea, and the Kodaikanal trip, IAESTE LC Karunya continues to uphold its commitment to fostering global exchange, cultural understanding, and professional growth. These events not only enriched the experiences of our international interns but also strengthened the bonds between students from diverse backgrounds, creating a vibrant and inclusive community.

As we move forward, we remain dedicated to providing transformative opportunities for students, ensuring that IAESTE remains a platform where academic excellence meets cultural exchange. The friendships, memories, and learning experiences gained through these interactions will undoubtedly leave a lasting impact, shaping the future of young professionals worldwide.

A list of students who have completed the internship in abroad is provided in **Annexure - 6** and students internship at local, regional and National Institutions is given in **Annexure - 5.**

11.5 NCC

The NCC, has been a live wire of facility and agility, filled with actions and feats consistently happening throughout the academic year 2023-24 of Karunya Institute of Technology and Sciences. This year has been marked with lots of achievements and laurels for the NCC. This report summarizes the meticulous activities of the NCC, organized chronologically.

The **International Day of Yoga** is celebrated across the world annually on 21st June of every year. The Karunya NCC conducted Yoga sessions on 21 June 2023 from 6 am to 7 am via Google Meet to commemorate this day, Cadets from 2 TN (CTC) NCC, 4 TN BN NCC and 5 TN GIRLS BN NCC actively participated in the online Yoga session.

A Drug Abuse and Illicit Trafficking Campaign was organized in the college by the Karunya NCC on 23 June 2023. It began with an Anti-drug run for 1.5 kms followed by a Special Awareness Seminar on Drug Abuse Awareness. All cadets took part in this event.

A CATC (Combined Annual Training Camp) is an integral part of the NCC training programme. It serves as an inevitable platform for cadets to enhance their leadership, teamwork, and outdoor skills. Typically held annually, CATC camps involve rigorous physical training, drill exercises, weapon handling, map reading, and various adventure activities. This camp was organized by Bannari Amman Institute of Technology, Sathyamangalam from 26 June 2023 to 05 June 2023. 70 cadets from all the three units of Karunya namely, 2 TN CTC NCC, 4 TN BN NCC and 5 TN BN NCC participated in the camp and won various prizes.

A Ranking Ceremony for NCC Cadets took place at Karunya Institute of Technology and Sciences on August 11th, 2023. This event was a testament to the hard work and determination exhibited by the cadets throughout their NCC journey. The ceremony was graced by the presence of esteemed dignitaries, including the University Vice Chancellor, Registrar, Deputy Registrar, and Director of Student Affairs.

The 77th Independence Day of the nation was celebrated on 15th August 2023. The NCC displayed a spectacular camaraderie of events beginning from flag hoisting, parade, cultural events, Ghatak show etc. All cadets showed extraordinary acumen in showing their interest and solidarity.

Another golden feather to the cap of Karunya NCC has been adorned by Lt. Dr. B. Pauline Ebenezer. Dr. Pauline, successfully accomplished her PRCN Course at OTA, Gwalior, and was promoted to the position of a Lieutenant. Thus she became the ANO of 5 TN BN NCC of Karunya. As a mark of felicitating her accomplishment and welcoming her back to campus after 90 days of rigorous training, a welcoming function was arranged by the cadets on 15th August 2023.

"Har Ghar Tiranga" a campaign was initiated by the Government of India, which aims at fostering patriotism and a sense of belonging to our nation by encouraging its citizens to hoist the national flag in their premises. On August 15th, 2023, the NCC cadets participated in this campaign by clicking pictures while holding the national flag

A mime-performance themed **Say No to Ragging** was conducted by the NCC Cadets commemorating Anti-Ragging Day on 18.08.2023. The cadets used their creativity in demonstrating the evil effects of Ragging.

The NCC cadets of Karunya also took part in a CATC held at Tamil Nadu Agricultural University, Coimbatore from 04th September 2023 to 13th September 2023. During the CATC Camp held at TNAU, the NCC **cadets** proved their mettle by participating in all the events including physical activities, theory sessions and cultural activities and won prizes.

An Interactive session with Commodore Atul Kumar Rastogi, Deputy Director General, Tamil Nadu, Puducherry and Andaman and Nicobar Directorate had been arranged by the NCC group at NCC Group HeadQuarters, Coimbatore on 07th October 2023. Around 40 cadets from NCC Karunya actively took part in the session. The session enlightened the cadets about the benefits of NCC, Career in the Armed Forces, the Recent Challenges faced by the Youth of India.

On 16th December 2023, the NCC cadets participated in the Exhibition and Demonstration given by 110 Kovai Terriers Territorial Army Infantry Battalion. 65 Cadets from Karunya NCC along with their respective ANOs showed up in the programme.

The 75th Republic Day was celebrated as Azadi Ka Amrit Mahotsav at Karunya. Azadi ka Amrit Mahotsav is a 75-week grand celebration launched by honourable Pradhan Manthri Shri Narendra Modi to mark 75 years of Independence. To mark this significant occasion an extravagant spectacle of a grand marching parade followed by Ghatak performance and cultural events were arranged on 26th January 2024. Our honourable Vice Chancellor, Dr. Prince Arulraj, graced the event by hoisting the National Flag. On this day, Rashtriya Gunvatta Pakhwada was also celebrated at Karunya, with the mission aimed to empower the youth of India to play a pivotal role in making India a developed nation by focusing on quality in all aspects of life.

The NCC cadets of Karunya were taken to a visit at Central Reserve Police Force, Coimbatore on 05th February 2024. This visit enabled them to witness the demonstrations about CRPF's role in Riot Control, Disaster Management, activities of striking force etc. The visit aimed to acquaint the cadets with various aspects of CRPF operations, including weapon displays, firing drills, drill sessions, and disaster management strategies, including swimming strategies in disaster scenarios.

On the occasion of National Youth Day, a special talk was organized for NCC cadets on 07th February 2024, featuring Mr. Neil Vimalkumar Bonafice, the esteemed guest speaker and Ministry Director. Mr. Bonafice's address was marked by profound insights and motivational anecdotes and left a lasting impression on the attendees.

The NCC Karunya organized a creative competition for its cadets on 08th February 2024, encompassing poster design, poetry composition, and short film making. The theme of the competition was **"Arise, Awake, and Realize the Power You Hold,"** aimed at inspiring cadets to recognize their potential for positive change and leadership. Cadets showcased their artistic talents through visually compelling posters that captured the essence of the theme. Vibrant colours, striking imagery, and powerful messages adorned the posters, conveying messages of empowerment, resilience, and determination.

On 17th February 2024, NCC cadets participated in the practical examination for the C Certificate, marking a significant milestone in their NCC journey. The examination, held at PSG College of Technology, aimed to assess cadets' proficiency in various aspects of military training and leadership skills.
The NCC B Certificate exam was held on 23rd and 24th March 2024. This exam is pivotal for every cadet, as it marks a culmination of their training and a test of their knowledge and skills in various aspects of the National Cadet Corps curriculum.

A Passing Out Parade and a Pulling Out ceremony were held together on 17th April 2024 as a mark of successful completion of 3 year tenure in NCC and the closure of the current training year.

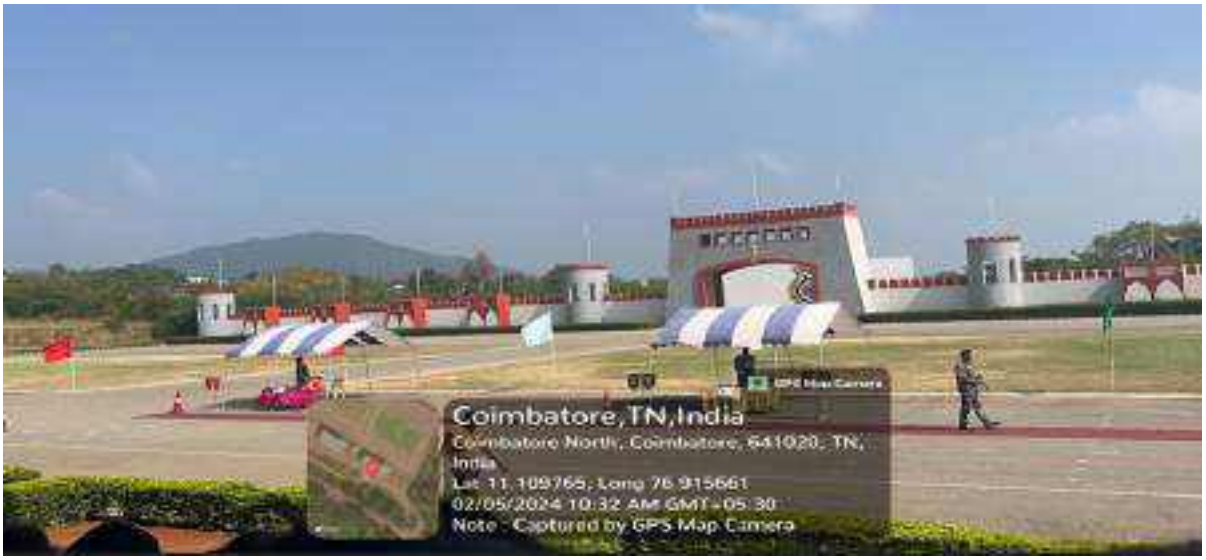
A special mention is made about the valorous feats made by Senior under Officer M G Rakesh of B.A. Criminology of 4 TN BN NCC. He bagged the Battalion Swimmer Award and was honoured by the Commanding Officer of 4 TN BN Lt. Col B. Bharath. Rakesh clinched the 2nd position in Senior Contingent Inter Group Competition - 2023. He took part in the most prestigious PM Rally and stood first bringing pride to the institution. He also won 2nd position in the Flag Area Competition. Rakesh holds the great pride of taking part in the Marina Republic Day Camp (MRDC) on 26th January 2024. He was also awarded the Best Marching Contingent and was honoured with a medal and a certificate by Commodore Atul Kumar

Rastogi, Deputy Director General of Tamil Nadu, Puducherry and Andaman and Nicobar Directorate. The students participation in NCC activities are presented in **Annexure - 19**

Apart from these landmarks events, regular institutional activities of Karunya NCC include Parade sessions, theory classes, weapon training, Firing and Obstacle Course training, NCC Elective Paper Examination and involvement in important University functions such as Convocation, NAAC, NBA visit, Christmas Mega Play, SBMs, Alumni Meet and other social service and community activities

Thus, this report on NCC Karunya is a testimony for unswerving discipline, a strong pillar of pride and an invaluable asset to the University. The impeccable values the cadets imbibe through NCC and its doctrines play a vital role in shaping them as cornerstones for the building of a stronghold India.

JAI HIND!



Senior Under Officer M G Rakesh of B.A. Criminology of 4 TN BN NCC honoured with a medal and a certificate by Commodore Atul Kumar Rastogi, Deputy Director General of Tamil Nadu, Puducherry and Andaman and Nicobar Directorate.

Value Added Courses

S.No	Program	Course Title	Duration	No. of Students
Civil Engineering				
1	M.Tech	Research Methodology and IPR	45 hrs	3
2	M.Tech	Value Education	45 hrs	3
3	B.Tech	Business Plan	45 hrs	24
4	B.Tech	Soft Skills	45 hrs	11
5	B.Tech	Entrepreneurship and Product Development	45 hrs	11
6	B.Tech	Professional Ethics	45 hrs	11
Electrical and Electronics Engineering				
7	B.Tech	Add-on Course (22SE2012) on "Circuit Simulation using Tinker CAD, Virtual Lab and LT Spice Simulation Software Tool"	40 hrs	30
8	B.Tech	Add-on Course 22SE2012) on Circuit Arduino for Beginners: Programming and Prototyping	40 hrs	30
Electronics and Communication Engineering				
9	B.Tech	Add-on Course on “5G Power Amplifier Design Using AWR Software”	13 days	48
Robotics Engineering				
10	M.Tech	Embedded systems and IoT	30 hrs	7
Mechanical Engineering				
11	B.Tech	Training on Industry 4.0	5 days	31
12	B.Tech	Course on AutoCAD with GD&T	30 days	27
13	B.Tech	Hands on Training in Industrial Automation	5 days	33
Aerospace Engineering				
14	B.Tech	CATIA	30 hrs	28
15	B.Tech	ANSYS CFD	30 hrs	27
Biomedical Engineering				
16	B.Tech	Hands on training in Machine learning using Python	3 days	35

17	B.Tech	Hands on Training on Medical Equipment	3 days	60
Food Processing Technology				
18	B.Tech & M.Tech	HACCP - Level 3 - Skill Development	2 days	31
19	B.Tech & M.Tech	FOSTAC - Skill Development	3 days	102
20	M.Tech	Spice Processing Technology	5 days	20
Computer Science and Engineering				
21	B.Tech	CCNAV7 : Introduction to Networks	70 hrs	225
22	B.Tech	PCAP : Programming Essentials in Python	75 hrs	733
23	B.Tech	CCNAV7 : Switching, Routing and Wireless Essentials	70 hrs	57
24	B.Tech	CLA - Programming Essentials in C	70 hrs	859
25	B.Tech	Azure AI Fundamentals	12 hrs	119
26	B.Tech	Azure Data Fundaments	12 hrs	30
27	B.Tech	Azure Fundamentals	12 hrs	102
28	B.Tech	Security, Compliance and Identity Fundamentals	12 hrs	19
29	B.Tech	Network Defence Essentials (NDE)	30 hrs	59
30	B.Tech	IBM AI Practitioner	30 hrs	22
31	B.Tech	Ethics, Technology And Engineering	30 hrs	48
Data Sciences and Cyber Security				
32	B.Tech	Microsoft Azure Fundamentals	3 months	2
33	B.Tech	Getting Started with Enterprise-grade AI	1 month	3
34	B.Tech	Microsoft AI Fundamentals	3 months	1
35	B.Tech	Programming Essentials in C	2 months	3
36	B.Tech	Programming Essentials in Python	2 months	3
37	B.Tech	JavaScipt Essentials 1	1 month	2
38	B.Tech	JavaScipt Essentials 2	1 month	2
39	B.Tech	Ethics, Technology and Engineering	2 months	5

40	B.Tech	Networking Basics	2 months	3
41	B.Tech	MongoDB Python Developer Path	2 months	1
42	B.Tech	Cloud Platform Job Simulation	2 months	1
43	B.Tech	Software Engineering Lite Job Simulation	2 months	1
44	B.Tech	Data Analytics Essentials	2 months	2
45	B.Tech	Foundations: Data, Data, Every where	2 months	1
46	B.Tech	Google Data Analytics	2 months	1
Artificial Intelligent and Machine Learning				
47	B.Tech	Azure AI Fundamentals	4 weeks	29
48	B.Tech	Azure Data Fundamentals	25 hrs	1
49	B.Tech	Azure Fundamentals	26 hrs	11
50	B.Tech	Security, Compliance, and Identity Fundamentals	27 hrs	2
51	B.Tech	IBM Artificial Intelligence Practitioner	8 weeks	10
Management Studies				
52	MBA	Nuances of Research	30 hrs	108
Digital Sciences				
53	B.Tech	Introduction to R Programming	30 hrs	27
Criminology & Forensic				
54	B.Tech	Stages of Criminal Investigation	30 hrs	61
