## [6] Education and Research (ED)

### [6.24] Availability of units or offices that coordinate or are related to sustainability

Karunya Institute of Technology and Sciences (KITS) is deeply committed to promoting sustainability through education, research, and campus initiatives that align with the United Nations Sustainable Development Goals (SDGs). The institution integrates sustainability principles into its academic, administrative, and research frameworks to foster environmental stewardship and social responsibility.

At Karunya, several specialized units and offices coordinate activities related to sustainability and environmental management. The **Centre for Water Management** leads projects in hydrology, watershed modelling, and water conservation, promoting sustainable resource utilization. The **School of Agricultural Sciences** focuses on sustainable farming, precision agriculture, and bio-resource management through the use of modern technologies such as IoT and GIS. Additionally, the university's **Sustainability and SDG Reporting Office** monitors institutional progress toward green initiatives, sustainable infrastructure, and research impact. Together, these units create a collaborative framework that drives Karunya's vision of transforming society through sustainable innovation and responsible resource management.

Additionally, the Sustainability and SDG Coordination Cell works across departments to document sustainability metrics, prepare annual SDG reports, and organize awareness programs such as tree plantation drives, energy conservation campaigns, and green audits. These efforts are supported by the Research and Consultancy Office, which facilitates funding and interdisciplinary collaborations for sustainability-focused projects. Together, these units form an integrated system that reinforces Karunya's mission of creating a sustainable, resilient, and socially responsible campus environment.

a) SDG Committee

**Karunya INSTITUTE OF TECHNOLOGY AND SCIENCES**  
 (Declared as Deemed to be University under Sec.3 of the UGC Act, 1956)  
 MCI, UGC & AICTE Approved; NAAC Accredited A++  
 Karunya Nagar, Coimbatore - 641 114, Tamil Nadu, India.

**Dr. G. Prince Arulraj, M.Tech., Ph.D.,**  
 Vice Chancellor

KITS/VC/00/26/2024  
 17 April 2024
